WHEREAS, Miami-Dade County's Parks, Recreation and Open Spaces Department operates approximately 29 parks in Commission District 10; and

WHEREAS, it should be a high priority for the County to ensure that all County parks are adequately lit, insofar as lighting provides a measure of security to park patrons, increases park patrons' ability to use the park in the early mornings and evenings, and generally makes parks more welcoming to visitors; and

WHEREAS, a report by the County Mayor dated March 25, 2014, indicated that the cost of providing lighting in all parks in Commission District 10 would be \$4.9 million; and

WHEREAS, although fiscal constraints may prevent the County, in the short term, from attaining the optimal lighting levels in County parks, the County should, at a minimum, ensure that existing lighting is functioning properly,
